

Programme Specific Outcomes (PSOs) and Course outcomes (COs) are necessary for the flexibility and innovation in programme design, syllabus development, teaching-learning process and assessment of student learning levels. The programmes offered by College are cater to multiple interests of the student community and to build the human capital need of the society and nation. The POs and COs primarily aim at imparting knowledge and skills which a important and very critical for building students' competence and personality. There is also an emphasis on holistic development of the students as the learning outcomes focus on imparting values and ethics and enhancing their interpersonal and communication skills. The POs/PSOs/COs of all the programmes are clearly prepared after duly considering the inputs from faculty and students, employability prospects and societal requirements. They are communicated to all the stakeholders of the program through Faculty meetings, Student orientation programmes, etc. The learning effectiveness of any program and course depends on the POs and COs. The college has developed its POs and COs taking into consideration the mission and goals of the programmes. For all the undergraduate programmes the POs/PSOs/COs are drafted following discussions with all the stakeholders. The programme outcome, course outcomes primarily aim at imparting knowledge and skills which are critical for building students' competence and personality. There is also an emphasis on holistic development of the as the learning outcomes focus on imparting values and ethics and enhancing their interpersonal communication skills
